

Summer Village of Sandy Beach

Message from the Mayor

Change is inevitable, so in the last 9 months in our Summer Village there has been key changes, for the betterment of the Village.

The lagoon are now closed and a engineering study is being completed. Hauling rates should be discussed with your service provider. Public Works are streamlining service delivery and priorities are garbage (5 bags only); beautification and landscaping, fire and emergency management and maintenance. Council through Administration has adopted bylaws relating to Property Taxes, Councillor Code of Conduct and Administration. Xplornet will built a new tower on the Administration lot. Xplornet had a open house on April 17th and subject to Lac Ste. Anne County approval the anticipation of project completion is 9 months - so early 2019. A new Village sign is in completion and will be erected at the Hall towards the back end of the Summer. Council is hoping a discharge for the lagoon can be completed end of June 2018.

Council would also like to thank all our Volunteer groups and Committees members including FCSS, Fire Smart, Sun & Sand Recreation League and Game Night. Meetings have taken place and all minutes is available on the Village website.

I wish you a prosperous summer wherever you decide to travel and enjoy our sunsets, community and bliss while at home.

Mayor Michael Harney.

Dangerous Trees

We have had an eventful spring high winds have taken down power lines due to falling/leaning trees in the Village. The Village would like to remind residents the importance of removing dead or leaning trees from private property. Each property owner is responsible for the trees on their own property and will be liable for damage caused by falling trees onto neighbouring properties or contact FORTIS Alberta.
