642 in
Administration & Public Works Building

Welcome to

The Summer Village of Sandy Beach

Our Little Piece of Paradise - was incorporated under the Municipal Government Act over 50 years ago. The municipality currently has over 200 permanent residents but grows to over 500 in the summer months. We are one of the few Summer Villages in Alberta that are fortunate to have commercial properties. We have a General Store with gas pumps, propane services, and liquor outlet; and a Family Campground - just to name a few. We also have a Local pump truck, our own Lagoon, a Day Park and Public Beach with a Kiddie Park.

A Community Hall (with full facilities) is available to rent at a reasonable rate year-round.

On the long weekend in February we are proud to host the Annual Num-Bum 24, the world's only 24 - hour motorcycle race on ice. This phenomenal event is listed in the Guinness Book of World Records. As with all other municipalities we have elections for a council - held every three years during the summer months. The 3 - person Council work together with Administration and Public Works not only to keep the Village running smoothly but to plan for it's future.

We hope that this brochure will assist you as you seek out and enjoy the many services and businesses that are available to you.
