

SVLSA Feb 23

County is setting up a regional map of Recreation Facilities to assess condition of and coordinate usage potentials. This includes rinks, baseball facilities, day parks, boat launches and halls.

County is asking that the summer villages consider Budget line items in upcoming years to contribute to recreation, library and medical services within the region.

Note: Onoway library has several Telus Hubs that can be borrowed for a week to see how they might work for you.

The county stressed a present and future need for Day Care and Child day home care throughout region.

Emergency Management Feb 23

Villages to set up for Muster points within villages and establish possible areas to remove residents for registration and lodging services in case of disaster.
